**NOTES:**

- (1) The source of this data is Intrado, the 911 administrator for Qwest's service area. Intrado collects E911 data from CLECs operating in Qwest states. Qwest has no involvement in the collection of the data nor does Qwest have any knowledge as to the timeliness or accuracy of the data. It should be noted that CLEC E911 records are associated only with lines served via CLEC-owned facilities or via stand-alone UNE loops. Any CLEC lines served via resale or UNE-P are reported to Intrado as Qwest records, since those lines are served via Qwest-owned switches.
- (2) CLEC E911 records should not be equated to access lines in service, since some CLECs report DID numbers to Intrado, while others do not report data for inbound-only lines (those incapable of originating calls for 911 emergency assistance).
- (3) Qwest believes that CLEC E911 data is a good indicator that CLECs are capturing an increasing share of local exchange market and of competitive trends in this market.
